About Malmö
With 260 000 inhabitants, Malmö is the third largest city in Sweden and the gateway to the continental Europe. Being the centre for southern Sweden, Malmö has all the services expected of a large city while still being small enough to maintain the charm of a small town, where everything is close at hand.

How to get to Malmö
Located in the Scania region in the very south of Sweden, it is very easy to get to Malmö – irrespective of where you start your journey. On the opposite side of Öresund, in Denmark, lies Copenhagen airport, which is served by most major airlines. If you have a flight to Copenhagen airport you can take a train directly from the airport to Malmö Centralstation (about 30 min).

Another possibility is to arrive at Malmö/Sturup airport, outside the city, which has frequent connections with Stockholm, as well as non-stop flights to London, Amsterdam and Zurich.

There are several ferry lines connecting continental Europe to the Malmö area: Swinoujscie, Polen twice daily (9 hours); Travemünde to Trelleborg, 25 km from Malmö, 4 times daily (7h 30 min); Rostock to Trelleborg 6 times daily (2h 45 min or 6 hours); Sassnitz to Trelleborg 5 times daily (3h 30 min).

Accommodation
Malmö Congress Bureau has made preliminary reservations for the congress participants. Breakfast included at all hotels. Shuttlebus service morning and evening.

Location
The conference venue is Eurpaporten in Malmö.

Eurpaporten, Stadiogatan 25, Box 8204, SE 200 41 Malmö.
