The International School Library Month was marked in Petar Preradović Elementary School in October by numerous activities. Events were held in the school library (teaching of media, library and information literacy for students from 1<sup>st</sup> grade to 8<sup>th</sup> grade), organised by the school library (a visit from the puppet theater from Split) and in honour of the school library (a creative contest “Why I Love My School Library” for all students and the closing ceremony).

*Media, library and information literacy class*

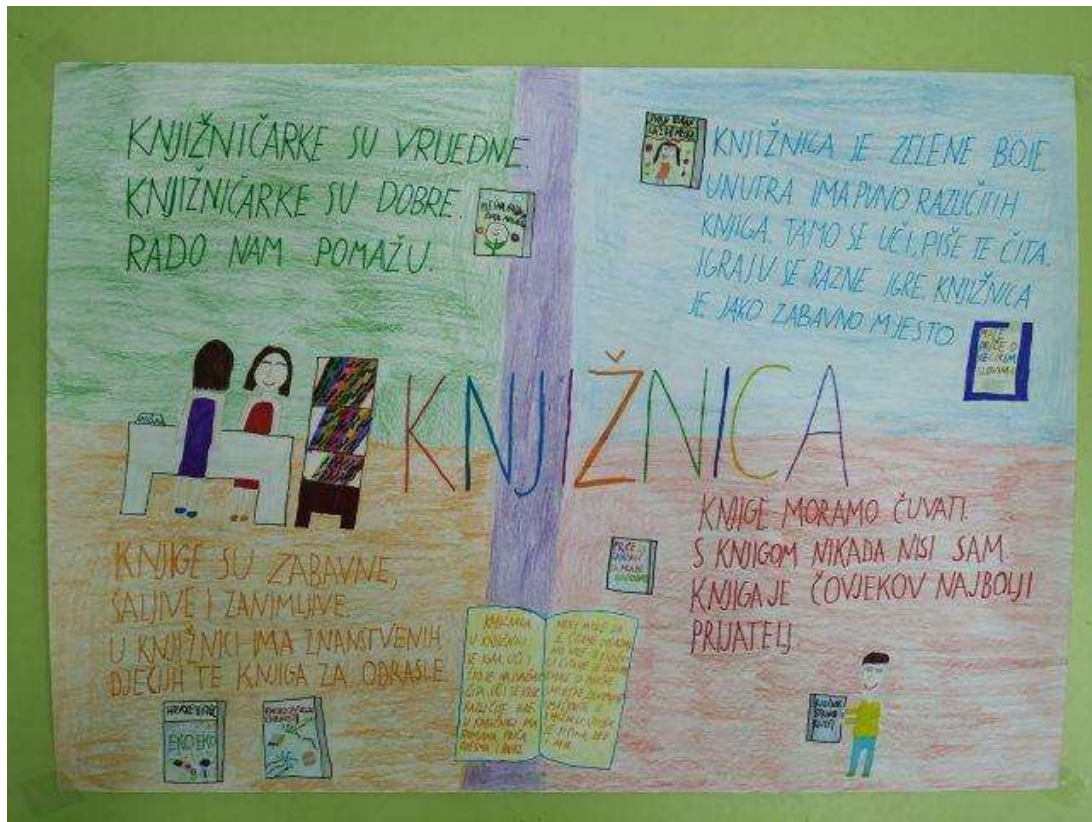

Twenty six classes relating to media, library and information literacy were held in the school library of Primary School Petar Preradović in all grades of the school. These lessons were conducted to encourage the use of school library services, advocate better access to its physical and virtual space and collections, to consider its importance for each member of the school community, as well as to enhance the ability of the school library to encourage student creative work.

In the introductory part of the lesson, students were invited to participate in the Creative Contest of ISLM in 2018 entitled “Why I Love My School Library”. Pupils could apply to participate in the contest from 1<sup>st</sup> October to 26<sup>th</sup> October, with the deadline to submit entries being the 29<sup>th</sup> of October in order for the submissions to be ready for the final presentation of the last day of the ISLM. More than 100 pupils from lower and upper primary classes participated in the creative contest, and they submitted various forms of literary work: songs/lyrics (3), compositions (3), short stories (1), plays (2); artistic creations: drawings (33), bookmarks (65), posters (3); writing and illustrating a picture book and its digitalization (1), and creating promotional videotapes for the school library (3).

In the final week of the ISLM, Produkcija Z, the puppet theater from Split, organized the presentation of the musical-puppet play *The Companion Family* for students of the lower primary classes.

### *Closing Ceremony of ILSM*

At the closing ceremony of International School Library Month on the 31<sup>st</sup> of October, the pupils' works were submitted to the Creative Contest "Why I Love My School Library". Over 60 students in the crowded school library spent an hour and a half reading their literary works, performing scenes, presenting posters and showing video edits with an exhibition of drawings, paintings and bookmarks.

This ceremony in the most beautiful way - with its creativity - closed this year's celebration of the International School Library Month with encouragement and strength for new creative incentives and challenges.

## Knjižnica

Kad zakoračiš u taj svijet, skriven među drvenim policama i redovima koji idu u nedogled, to je svijet maštarija zapisan na listovima papira koji tu i tamo izvire kroz kožnate korice knjiga. U tom svijetu prepustiš se bajkama, pričama, maštarijama i bilo čemu što ti padne na pamet.

Knjižnica je mjesto gdje se čuva taj čudesan svijet, a čitajući knjige, njega se i može otkriti. Taj svijet veoma je zagonetan i čuva svoje tajne. Sadrži dragocjena blaga poput znanja i u njemu su zabilježeni svi važni povijesni događaji. Uz malo truda i znatiželje svatko ga može otkriti i zaviriti među sitna slova velikog značenja. Čitajući i listajući hrapave stranice knjiga, dobivaš priliku za bijeg i putovanje u novi svijet. Na tom putu susrećeš se s različitim opasnim i uzbudljivim avanturama: u jednom trenu nalaziš se u kišovitoj, prašumskoj džungli, a nakon nekog vremena otkrićeš novi list papira i spašava te tvoj princ na bijelom konju. U tom svijetu ne postoje nikakva ograničenja, već samo tvoja mašta; u njemu su ostvarivi svi tvoji snovi i želje, možeš putovati kroz povijest, vremena heroja i hrabrih vitezova ili možeš samo nastaviti sanjariti o mističnim, zamišljenim bićima poput malenih, dobrih vila ili vrckastih, razigranih vilenjaka, a s druge strane možeš biti zaslužan za konačno otkrivanje tajnovitog misterija ili hvatanje velikog kriminalca. Zapravo možeš bilo što. Sve je moguće, samo je potrebno malo kreativnosti i nadahnuća.

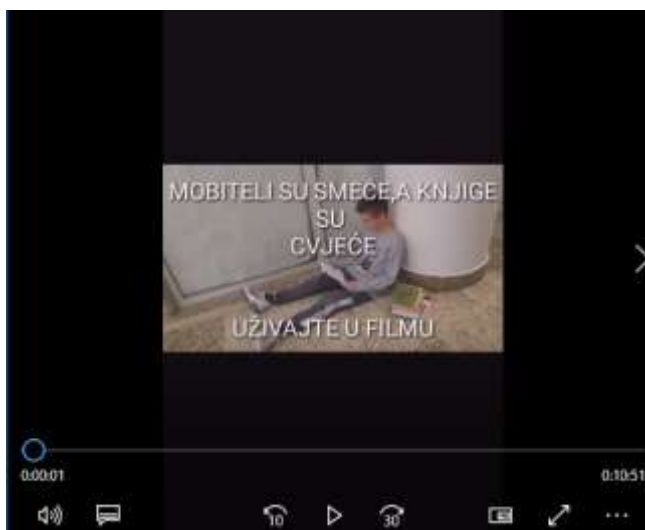

Knjižnica, to je to mjesto gdje je sve to skriveno – živi. Ona je riznica prepuna maštarija i priča koja samo čeka da netko zaviri u nju i pronađe svoj list papira na kojem će otkriti svoj čudesni svijet.

## Moja školska knjižnica

Ima jedno mjesto u školi  
koje svaki učenik voli.  
Tamo se nikad ne pišu ispiti  
i ugodno je ondje biti.  
Domaći pisati, čitati knjige  
i ispred vrata ostaviti sve brige.  
U zelenoj boji ona blista  
svakoga jutra besprijekorno čista.  
Dvije knjižničarke u njoj rade  
ljubavljaju i toplinom našu knjižnicu grade.  
I... knjižnicu školsku zbog svega ovog volim  
i zato sve učenike molim:  
„Čuvajte knjige,  
ne pišite po njima  
jer knjige su potrebne baš svima.“
